Objective

To become established in a long term position that will utilize my design experience while providing opportunities for both professional and personal growth.

Qualifications

Proficient in the use of Adobe Illustrator and Photoshop. Possess a solid understanding of InDesign, Dreamweaver and Flash. Working knowledge of Cinema 4D and Drupal, as well as a diverse range of other design, multi-media, 3D and audio software packages. Ability to cross-platform comfortably with both Macintosh and Windows-based systems.

Professional Experience

**Baltimore Art and Music Project Inc.**

2003-Current : Graphic Artist

Develop—from concept to delivery—posters, mailers, hand-bills, web collateral and other promotional materials. Update and maintain Drupal based website. Design and launch event specific microsites as required.

**Promotional Xpressions**

2006-Current : Graphic Artist

Conceptualize and create original art as well as prepare client-supplied art for print. Coordinate and execute all art activities that relate to screen printing and advertising specialty orders. Manage and complete multiple projects within deadlines. Communicate with both customers and vendors within all stages of the design process.

**Holabird Sports**

2004-2005 : Web Production

Digitally photographed products and used Adobe Photoshop to prepare them for web-display. Worked with Art Director in layout of several display advertisements.

Education

**Community College of Baltimore County**

Anticipated Graduation : December 2010.

A.A.S. Degree program in print publication.
